FIRST NODAWAY CO. SOLDIER RETURNS

PRIVATE C. E. KANE ARRIVES HOME AFTER 2 YEARS AT FRONT

WAS IN ALL BIG BATTLES

Wins Croix de Guerre and American Decoration.—Is Well Known Newspaper Man

Private Charles E. Kane, son of Mr. and Mrs. John R Kane of this city, arrived home today after practically two years on the fighting fronts in France, during which time he has taken part in practically all the big engagements of the war.

Private Kane was one of the first men in Nodaway county to enter the service of his country and when the call came for volunteers for the American Field Service he enlisted in June 1917.

He was sent immediately to France and after a short period of training, was placed in one of the units at the front Kane was a member of an American Ambulance Company, attached to the Seventy-fourth Division of the French army, and during his entire service at the front he remained with the French.

On October 23, he took part in the battle of the Chemin des Dames, working at the front while the French were making their great drive. He later took part in the Cambrai offensive made by the French in the fall of 1917, and was present when the Marines made their memorable stand at Chauteau Thierry and in the Argonne Forest.

For his bravery and for especial acts of heroism under fire, Kane now wears the French Croix de Guerre, also the American Service Medal awarded to men who volunteered for service with the French.

Private Kane returned to the United States April 12, sailing from Brest. He arrived in New York on Easter Sunday and was sent to Camp Taylor, Ky., where he received his discharge.

In speaking of his experiences on the other side, today, Private Kane said "The French people are of course a great deal different in many respects than the Americans, but most of the men that I met were of a high class and mighty fine fellows. The French seem to be able to get along much better with the Americans than with any of the other Allied soldiers. The British and French do not harmoni at all."

Before entering the service, Private Kane was an instructor in the School of Journalism at the University of Missouri.

PRES. INDIFFERENT TO GERMAN ACTION

"NO USE THINKING ABOUT IT," DECLARES PRESIDENT

AUSTRIA TREATY NEXT

German Delegates Are "Sullen, Bitter, Defiant."—Other Questions Up Before Allies.

Paris, May 8.—"Actions not words count now," President Wilson is understood to have declared when he was asked by Lloyd George and Clemenceau what effect had been made upon him by the speech of Ranzau which was read to the German peace delegation. "What is the use of even thinking about it whether the Germans sign or not," the President considered that this summarizes the official opinion in general. Should Germany delay to sign it would naturally result in another revolution in Germany with another government which would have to sign for self protection. The situation is expected to clear up quickly as soon as the popular opinion in Germany has crystalized. Sullen, defiant, bitter, these three words sum up the atatitude of the German delegates. The formal consideration of the treaty was started today by the Germans and it soon developed that in the "Fatherland" the sinister figure of Bernstorff hovers as one of the directing heads of German action.

Paris, May 8.—The terms have been received cordially and it is generally acceted that they fully guarantee Europe from further aggressions on the part of German militarists. With the German treaty out of the way, the Allies are now turning their attention to the treaty which Austria must sign. This includes numerous territorial problems, including the Italian demands for Fiume. The Italian delegates are very active.

Berlin, May 8.—The usually well informed Achtur Abenblatt states that it has learned that Germany will reject the Danzi and Saar Basin proposals of the Allies.

GENERAL OPINION FAVORS PRESIDENT WILSON'S POLICY

Senator Smoot Declares Plan to Help France in Case of Attack by Germany, Favorable to America.

Washington, May 8.—The republican senators who opposed the league of nations covenant as inextricably interwoven with the peace treaty, were not in accord today with President Wilson's pledge to propose to the senate that the United States be committed to the immediate aid of France in the event of an unprovoked attack on that nation by Germany in the future. Senator Borah said that the pledge did not meet with his approval while on the other hand Senator Smoot expressed the opinion that most of the senators of the party and the American public sentiment in general would offer no especial objection to the United States pledging assistance to FrFance if that country was again invaded by Germany.

Mrs. Eugene Rathbun returned last light from a visit at Maysville with her sister Mrs. W. H. Miller.

Are You Awaiting The Great Crisis?

If So, Do Not Allow the Time to Pass With Nature Unaided.

Women who give nature a helping hand during the period of expectancy find that when the time arrives for baby's coming it is approached and passed with infinitely less pain and danger.

Thousands of women for over half a century have learned that in the time-honored preparation, Mother's Friend, they have a grateful, relaxing, penetrating remedy, the use of which makes it possible for them to go through childbirth without the usual nausea, nervousness, bearing-down and stretching pains, and that through its use the hours of the crisis are fewer and of much less pain and danger.

Mother's Friend penetrates the muscles, rendering them pliant and easily governed by the demands of nature. They relax gently and bring happy days and calm, restful nights. As the result the crisis is passed with greater ease and in less time, the breasts are kept in good condition and the skin is made and kept soft and free from blemishes.

Write to the Bradfield Regulator Company, Dept. P, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from your druggist today and thoroughly fortify yourself for the coming event.

The Busy Bee

There are several kinds—the old lady with the eggs, myself hustling for dollars and the new serial story that begins next week in

The COUNTRY GENTLEMAN

In the story—a hum-dinger, by the way—The Busy Bee is the name of a dead store in a dead town. However, it is owned by a live man. Once he gets going, he brings new business to the Busy Bee, new life to the town, new hope to the whole farming community.

Our town is a good deal more alive than most, but I'll bet even we could get pointers from this Busy Bee fellow. Why, the farmers round his town are making more money than they ever dreamed of before. Anyway, I want you to read the story. And the cheapest way for you to get all the installments is to buy a year's subscription for the COUNTRY GENTLEMAN. That will give you fifty-two big issues containing all manner of information about the farm, the garden and the home. *One dollar* is the price. *Now* is the time.

Always Costs $1.00; Often Saves $100.00

FIRST NODAWAY CO. SOLDIER RETURNS

PRIVATE C. E. KANE ARRIVES HOME AFTER 2 YEARS AT FRONT

WAS IN ALL BIG BATTLES

Wins Croix de Guerre and American Decoration.—Is Well Known Newspaper Man

Private Charles E. Kane, son of Mr. and Mrs. John R Kane of this city, arrived home today after practically two years on the fighting fronts in France, during which time he has taken part in practically all the big engagements of the war.

Private Kane was one of the first men in Nodaway county to enter the service of his country and when the call came for volunteers for the American Field Service he enlisted in June 1917.

He was sent immediately to France and after a short period of training, was placed in one of the units at the front Kane was a member of an American Ambulance Company, attached to the Seventy-fourth Division of the French army, and during his entire service at the front he remained with the French.

On October 23, he took part in the battle of the Chemin des Dames, working at the front while the French were making their great drive. He later took part in the Cambrai offensive made by the French in the fall of 1917, and was present when the Marines made their memorable stand at Chauteau Thierry and in the Argonne Forest.

For his bravery and for especial acts of heroism under fire, Kane now wears the French Croix de Guerre, also the American Service Medal awarded to men who volunteered for service with the French.

Private Kane returned to the United States April 12, sailing from Brest. He arrived in New York on Easter Sunday and was sent to Camp Taylor, Ky., where he received his discharge.

In speaking of his experiences on the other side, today, Private Kane said "The French people are of course a great deal different in many respects than the Americans, but most of the men that I met were of a high class and mighty fine fellows. The French seem to be able to get along much better with the Americans than with any of the other Allied soldiers. The British and French do not harmoni at all."

Before entering the service, Private Kane was an instructor in the School of Journalism at the University of Missouri.

Harley has a host of friends in Maryville, and was busy throughout the day renewing old acquaintances and relating his experiences.

PRES. INDIFFERENT TO GERMAN ACTION

"NO USE THINKING ABOUT IT," DECLARES PRESIDENT

AUSTRIA TREATY NEXT

German Delegates Are "Sullen, Bitter, Defiant."—Other Questions Up Before Allies.

Paris, May 8.—"Actions not words count now," President Wilson is understood to have declared when he was asked by Lloyd George and Clemenceau what effect had been made upon him by the speech of Ranzau which was read to the German peace delegation. "What is the use of even thinking about it whether the Germans sign or not," the President considered that this summarizes the official opinion in general. Should Germany delay to sign it would naturally result in another revolution in Germany with another government which would have to sign for self protection. The situation is expected to clear up quickly as soon as the popular opinion in Germany has crystalized. Sullen, defiant, bitter, these three words sum up the atatitude of the German delegates. The formal consideration of the treaty was started today by the Germans and it soon developed that in the "Fatherland" the sinister figure of Bernstorff hovers as one of the directing heads of German action.

Paris, May 8.—The terms have been received cordially and it is generally acceted that they fully guarantee Europe from further aggressions on the part of German militarists. With the German treaty out of the way, the Allies are now turning their attention to the treaty which Austria must sign. This includes numerous territorial problems, including the Italian demands for Fiume. The Italian delegates are very active.

Berlin, May 8.—The usually well informed Achtur Abenblatt states that it has learned that Germany will reject the Danzi and Saar Basin proposals of the Allies.

GENERAL OPINION FAVORS PRESIDENT WILSON'S POLICY

Senator Smoot Declares Plan to Help France in Case of Attack by Germany, Favorable to America.

Washington, May 8.—The republican senators who opposed the league of nations covenant as inextricably interwoven with the peace treaty, were not in accord today with President Wilson's pledge to propose to the senate that the United States be committed to the immediate aid of France in the event of an unprovoked attack on that nation by Germany in the future. Senator Borah said that the pledge did not meet with his approval while on the other hand Senator Smoot expressed the opinion that most of the senators of the party and the American public sentiment in general would offer no especial objection to the United States pledging assistance to FrFance if that country was again invaded by Germany.

Mrs. Eugene Rathbun returned last light from a visit at Maysville with her sister Mrs. W. H. Miller.

Are You Awaiting The Great Crisis?

If So, Do Not Allow the Time to Pass With Nature Unaided.

Women who give nature a helping hand during the period of expectancy find that when the time arrives for baby's coming it is approached and passed with infinitely less pain and danger.

Thousands of women for over half a century have learned that in the time-honored preparation, Mother's Friend, they have a grateful, relaxing, penetrating remedy, the use of which makes it possible for them to go through childbirth without the usual nausea, nervousness, bearing-down and stretching pains, and that through its use the hours of the crisis are fewer and of much less pain and danger.

Mother's Friend penetrates the muscles, rendering them pliant and easily governed by the demands of nature. They relax gently and bring happy days and calm, restful nights. As the result the crisis is passed with greater ease and in less time, the breasts are kept in good condition and the skin is made and kept soft and free from blemishes.

Write to the Bradfield Regulator Company, Dept. P, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from your druggist today and thoroughly fortify yourself for the coming event.

THAT BAD BACK.

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting — distressing urinary disorders? For bad back and weakened kidneys Maryville residents recommend Doan's Kidney Pills. Read this Maryville statement:

Mrs. W. A. Townsend, 423 W. Sixth St., says: "At one time when having trouble with a lame and aching back and congestion of the kidneys, I used Doan's Kidney Pills. They helped me from the first and also removed the trouble with my back and improved my health in every way."

It gives the weak, pains and troubles quickly and prevents and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day to keep well.

The Busy Bee

There are several kinds—the old lady with the eggs, myself hustling for dollars and the new serial story that begins next week in

The COUNTRY GENTLEMAN

In the story—a hum-dinger, by the way—The Busy Bee is the name of a dead store in a dead town. However, it is owned by a live man. Once he gets going, he brings new business to the Busy Bee, new life to the town, new hope to the whole farming community.

Our town is a good deal more alive than most, but I'll bet even we could get pointers from this Busy Bee fellow. Why, the farmers round his town are making more money than they ever dreamed of before. Anyway, I want you to read the story. And the cheapest way for you to get all the installments is to buy a year's subscription for the COUNTRY GENTLEMAN. That will give you fifty-two big issues containing all manner of information about the farm, the garden and the home. *One dollar* is the price. *Now* is the time.

Always Costs $1.00; Often Saves $100.00

RED PEP'S PHILOSOPHY

"Actions speak louder than words-but look out for the echo."

We never have any fear of the echo. When we deliver green goods, or any table supplies, and the housekeeper finds that they are fresh and of prime quality, just as we said they would be, the echo—the satisfaction expressed—is pleasant to hear.
